## COMMITTEE ON FINANCE & TREASURY

---

### Review of Pending Appropriations

#### Presentation By

Mason Nakamura  
Chief Financial Officer

#### Summary

This item provides for the Committee's review of appropriation requests currently pending consideration, including requests for new funding, supplemental appropriations, reallocations, and other uses of organizational resources.

#### Background and Justification

Pending appropriations require review before funds are committed or made available for expenditure. Committee consideration ensures that each request is supported by a documented business need, identifies an appropriate funding source, and remains consistent with adopted priorities and available resources.

#### Fiscal Impact

The fiscal impact will vary by request. Individual financial impacts and funding sources will be identified in the supporting materials accompanying each appropriation request.

#### Recommended Action

The following resolution is recommended for approval:

**RESOLVED**, by the Committee on Appropriations, that the pending appropriation requests are hereby reviewed; and be it further

**RESOLVED**, that staff is authorized to return any request requiring additional documentation, financial analysis, or executive review before further Committee consideration.
