On agenda	September 28, 2026 — Committee on Finance and Treasury		
Title	Budget Amendments and Fund Transfers		
Subject	Proposed amendments and fund transfers to realign FY 2026 appropriations with operating requirements and organizational priorities. The docket records a $258,100.40 recurring annual fiscal impact against Professional Services / Valuation and Transaction Advisory. A reconciled schedule identifying the source and destination accounts, amounts, funding restrictions, and resulting balances is needed to establish the precise action requested. The existing attachment addresses purchase orders and warrants rather than supplying that transfer schedule; its reported totals should not be substituted for the docket amount.
